ABOUT ME

I'm an Immersive Technology student at the University of Winchester with experience leading teams, and coordinating & collaborating on game development projects. I am seeking a Game Production Placement or Associate Producer opportunity where I can contribute to planning, coordination and team delivery while continuing to develop my production expertise.

Information Technology

MMM (merit, merit, merit)

PROJECT EXPERIENCE

TIME HEIST

University Game Project | Team of 6

- Collaborated with programmers and designers throughout development.
- Participated in weekly stand-ups and sprint reviews to track progress and identify blockers.
- Used version control to support team workflows and project integration.
- Assisted with task planning and milestone delivery.
- Developed gameplay and UI features while supporting testing and iteration.

QUEBEC UNDERGROUND

Client Project | Team of 3

- Was main contact with stakeholders to keep updated with the project through client calls.
- Maintained project documentation, recorded completed work, and project updates to make sure clients were informed.
- Used Miro for collaborative ideation, planning, and feature development during the project's early stages.
- Coordinated tasks using Ora task management software, helping the team organise workloads and track progress against project milestones.
- Acted as a point of contact between the development team and the university's Audio Department, coordinating the creation of audio assets.

WORK EXPERIENCE

STUDENT ACADEMIC REPRESENTATIVE

University of Winchester | 2024 – Present

- Represent student feedback across multiple year groups to academic staff.
- SSLC meetings involving students and faculty staff.
- Support university open days.
- Develop leadership and people management skills.

RETAIL SUPERVISOR

Menkind

April 2023 – June 2024

- Supervised day-to-day store operations in a fast paced retail environment.
- Managed opening and closing procedures as a trusted keyholder.
- Assisted with staff training and team coordination.
- Maintained high standards of customer service while balancing competing priorities.
- Selected to support another store location due to strong performance and reliability.
